

Pamlico Christian Academy is nearing capacity in our current home, which is hindering our ability to have a greater impact on the community. School leadership has developed a comprehensive strategy and is launching a three-year campaign with the ambitious goal of raising \$4 million dollars to fund phase one of our building expansion plan.

Be a Part of the Future

The funds raised will allow us to not just construct larger more inclusive classrooms, but will also fund additional PE areas, science labs, a designated kitchen space, a large chapel, and additional office spaces for staff. This new, larger facility will enable the

school to service more families, offer more classes, and our gymnasium will double as a community event center. The entire project will offer additional employment opportunities for residents in and around Pamlico County.

Your generous contributions to Pamlico Christian Academy, a registered 501(c)(3) non-profit organization, are fully tax deductible to the extent allowed by law. Your support enables us to continue our mission and make a meaningful impact in our community. Thank you for your support and for helping us make a difference!
